12. CONDITIONS

All Bids must comply with the Event Rules as prepared by the FIL Sector Competitions Committee and which are associated with the FIL Bylaws, noting that these are subject to change. Any difficulties of specific compliance should be raised as early as possible to allow this to be considered by the FIL.

It is the intent that for any World Cup/Championship, countries participating are generally known and confirmed two years ahead of the scheduled date of the event. Full confirmation of participating countries will not be known until the Entry Fee has been paid to the FIL by the due date.

Changes outside of the direct control of the FIL may occur in this period (a country may withdraw from the event or there could be additional entrants within the overall maximum number) and this would be a matter of discussion between the Organising Committee and the FIL.

The game schedule within a specific World Cup/Championship is the prerogative of the FIL to set and would be discussed with the Organiser to take into consideration any specific points.

When completed this bid should be forwarded to:
